CONSENT FOR THE PROCESSING OF PERSONAL DATA

I, the undersigned, give my explicit written consent for the processing of my personal data and allow Halcom d.d. (hereinafter: Halcom CA) to process, use and store for a definite period my personal data as a future, present or past holder of a qualified digital certificate for e-signature, or as a person who represents or is empowered by the legal entity that ordered the qualified certificate for e-signature, e-seal or another trust service. Detailed rules have been defined in Halcom CA's Privacy Policy and the policies of Halcom CA, which are published on the website of Halcom CA.

Halcom CA may verify the accuracy of my data with governmental authorities who administrate public registers, or they may investigate my personal data with the administrators of other databases, with reference to data that was not provided but is needed to satisfy the operational purpose, in accordance with the order for the issue of a qualified certificate or another trust service of Halcom CA.

The data included in the qualified certificate will be published in the register of issued digital certificates, pursuant to the Halcom CA Policy. Any other data that is not included in the digital certificate and has not been published will be strictly protected under the data protection regulations and will not be used for any purposes other than those agreed on. In the case of a justified and legitimate request, personal data can be forwarded to local and foreign national authorities, holders of a public authorisation, public service operators or parties in an out-of-court settlement resolution. I acknowledge that my given consent can be withdrawn at any time in writing, which can affect the validity of the qualified certificate or the performance of trust services.

The processing of personal data shall last from the start of the procedure up to 10 years after the expiry of the issued qualified certificate, or after the end of the procedure if the certificate was not issued, except when the existing legislation requires otherwise.

Halcom CA implements adequate technical and organisational measures to guarantee a high level of personal data security and protection of the rights of persons to whom the data refer, and its IT systems respect the principles of default privacy.

All information on personal data protection is available at <http://www.halcom.si>. Any questions and issues related to exercising rights (giving or withdrawal of consent, insight into own personal data, monitoring access to personal data and similar) can be addressed to the Privacy and Regulatory Consistency Commissioner at Halcom CA (Halcom d.d., Halcom CA, Tržaška cesta 118, 1000 Ljubljana, Slovenia.
