I am a member of board of directors of Komericalna Banka Beograd ad. In order to avoid and potential conflicts of interest to occur I am excluded from any material regarding NLB's Serbian business and I do not participate in any discussions regarding Serbia.

A dependence of a candidate or member of the Supervisory Board and Committee shall exist if the conflict of interest pursuant to Appendix B of the Code is relevant and of a permanent (and not merely temporary) nature. The criteria for assessing the relevance of a conflict of interest shall be in particular the following:

- the type and number of actions and decisions to which the conflict of interest (may) relate;
- the probability of actual realisation of the conflict of interest; and
- the effect of the conflict of interest on the ability to objectively assess the Management Board and the Company's operations.

The circumstances specified above (Appendix B3 and B4 of the Code) shall in any case result in an assumption of dependence. Such assumptions may be contested if the member of the Supervisory Board demonstrates that the conflict of interest is neither permanent nor relevant despite the realisation of a criterion.

Considering the statement on the potential conflicts of interest, I declare myself to be:
